

# COMMUNITY SKILLS SCHOLARSHIPS BUSINESS APPLICATION

Origin is helping to build the local skill base by offering Community Skills Scholarships to local apprentices and businesses.

Each year, many scholarships are awarded by Origin to help enthusiastic locals begin and continue with their trade careers. Scholarships are worth up to \$13,500\* and **employers are also rewarded with \$3,000\* if their apprentice stays on one year after their apprenticeship is completed.**

It's all about providing a range of support to help see apprentices through to qualification and encourage them to stay with your business for at least one year after they are qualified.

You have been asked to fill out this form because an applicant has nominated your business as their place of work, or expressed an interest in working with you.

If you employ one of our Origin scholarship recipients, we will also need you to release your apprentice for training and community volunteering (1-2 days per year).

Opportunities are available to people living in the Springsure, Rolleston, Injune, Roma, Surat, Wallumbilla, Wandoan, Miles, Condamine, Chinchilla, Tara, Millmerran and Dalby areas.
